# Nationwide Physician Specialties by State

Market insights report

#### **Report methodology**

This report is derived from OneKey, a commercial reference database of 11.1 million healthcare professionals and 751,000 healthcare organizations. The counts in the following tables are for the business addresses of physicians across the largest U.S. specialty categories. Our coverage includes unique physicians based on their specialty designation at their primary practice location. The OneKey database is continuously enriched through a blend of primary research, transactional data, customer input, and trusted government and industry sources.
